Coordination Council of Mosques' Statement on the Terrorist Attack on Manchester Arena

We are appalled by the terrorist attack in Manchester on Monday night in which innocent civilians were injured and precious lives lost.

We unequivocally condemn the attack and reiterate our firm position that there is no justification for such criminal acts against civilians and civilian institutions.

Our prayers and thoughts are with the victims and their families.

We pay tribute to our emergency services and law enforcement authorities for their efforts and hard work in reaching out to those in need of care and protection.
